

This listing of claims will replace all prior versions and listings of claims in the present application.

Listing of Claims

1. (Currently amended) ~~A An-anhydrous~~ chemical composition for application to the skin ~~comprising~~ consisting of a mixture of at least 50% by weight of total composition of ~~the~~ processed Dead Sea mineral particles suspended in a continuous all-natural carrier medium, consisting of an oil, ~~being an oil wherein said Dead Sea mineral particles do not rapidly settle out of said carrier medium~~ and at least one essential oil.
2. (Currently amended) The ~~anhydrous~~ chemical composition for application to the skin of ~~Claim 16~~ Claim 1 wherein said continuous all-natural carrier medium comprises at least one oil selected from the group consisting of palm oil, soybean oil, olive oil, jojoba oil, beeswax, jojoba wax, cashew husk oil ethoxylate, coconut oil and Vitamin E oil.
3. (Cancelled) The anhydrous chemical composition for application to the skin of Claim 2 wherein said continuous all-natural carrier medium comprises soybean oil.
4. (Cancelled) The anhydrous chemical composition for application to the skin of Claim 3 wherein said continuous all-natural carrier medium comprises olive oil.
5. (Cancelled) The anhydrous chemical composition for application to the skin of Claim 4 wherein said continuous all-natural carrier medium comprises jojoba oil.
6. (Cancelled) The anhydrous chemical composition for application to the skin of Claim 5 wherein said continuous all-natural carrier medium comprises beeswax.

7. (Cancelled) The anhydrous chemical composition for application to the skin of Claim 6 wherein said continuous all-natural carrier medium comprises jojoba wax.
8. (Cancelled) The anhydrous chemical composition for application to the skin of Claim 7 wherein said continuous all-natural carrier medium comprises cashew husk oil ethoxylate.
9. (Cancelled) The anhydrous chemical composition for application to the skin of Claim 8 wherein said continuous all-natural carrier medium comprises coconut oil.
10. (Cancelled) The anhydrous chemical composition for application to the skin of Claim 9 further comprising Vitamin E oil.
11. (Currently amended) The ~~anhydrous~~ chemical composition for application to the skin as set forth in Claim 1 of Claim 16 further comprising an essential oil blend wherein said essential oil blend comprises said at least one essential oil selected from the group consisting of lavender, rosewood, chamomile and calendula.
12. (Cancelled) The anhydrous chemical composition for application to the skin of Claim 11 wherein said essential oil blend comprises lavender.
13. (Cancelled) The anhydrous chemical composition for application to the skin of Claim 12 wherein said essential oil blend comprises rosewood.
14. (Cancelled) The anhydrous chemical composition for application to the skin of Claim 13 wherein said essential oil blend comprises chamomile.
15. (Cancelled) The anhydrous chemical composition for application to the skin of Claim 14 wherein said essential oil blend comprises calendula.

16. (Currently amended) The ~~anhydrous~~ chemical composition for application to the skin as recited in Claim 1, of Claim 1 wherein 100% of said processed Dead Sea mineral particles are consisting of granularity of less than about 10 mesh and less than about 1.0 mm size granularity.
17. (Cancelled) The anhydrous chemical composition for application to the skin of Claim 11 wherein said essential oil blend comprises lavender, rosewood, chamomile, and calendula.
18. (Currently amended) Processed Dead Sea minerals to be used as an ingredient for use in manufacturing cosmetic compositions for application to the skin, 100% of said processed Dead Sea minerals consisting of an ultra-fine uniform comprising specific granularity of less than about 10 mesh and less than about 1.0 mm size granularity.
